

Maths

In maths the children will be drawing on the multiplication and division knowledge when solving problems. They will continue to embed their fluency of number while developing their reasoning skills.

French

We will continue to embed our skills and then begin to learn how to ask for different food items.

PE

This term gymnastics will be the main focus with children exploring how to travel, balance and move along equipment.

PSHE

In PSHE we will be focussing on and building relationships through Our Time activities

Cooking

The children will be making pitta bread and hummus to sell as a healthy snack at the Castle Hill cinema.

Music

In music we will explore modern day composers and explore how to make music like our ancestors from ancient Greece. They children will learn songs about the Ancient Greeks.

English

This term we will be learning how to be authors and will produce their own Greek myth.

Pupils will develop their skills for persuasive letter writing as they try to encourage the Principle to them permission to hold an event.

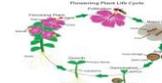

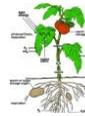

The children will become playwrights as they create their own

Greek plays.

Science

In Science we will be looking at the different types of soil and plants. We will identify the different parts and features, explore the requirements different plants have to live and grow. The children will investigate how water is transported through plants and explore the life cycle of plants whilst considering the role of the flower during pollination, seed formation and dispersal.

Computing

The children we be taught how to use search engines and find reliable sources so that they can carry out research for themselves.

Pupils will learn how to use the computer to create tables so that they collect data and observations of their science investigation.

Children will use cameras to film presentations and take photographs.

Year 3 CURRICULUM MAP

Walking in Our Ancestors' Footsteps

Ancient Greece

Geography

We will be how to use maps symbols and grid references to locate places and features in Greece.

We will further develop our knowledge of settlements, natural resources and trade links.

History

In history we will be learning about how our ancestors' lives still impact on our lives today through their inventions and the Olympics. We will be learning about the many Greek gods and goddesses and the structure of society compared to that of ours today.

Art and Design

In art we will be learning about the ancient Greek artists and trying to recreate some beautiful patterns and sculptures of our own. The children will explore different mediums to make statues.

We will be exploring how to work with pencil to create light and dark while sketching models.

Design Technology

In DT we be looking at packaging with a focus on what makes people buy a product, how we can make a container that can hold a snack that we have made and what important information needs to be written on our packaging.
