

Science

We will be learning about electricity & circuits

Computing

We will be using laptops to understand online safety; create algorithms; and for general research purposes.

Physical Education

We are exploring Castle Hill ball-game tactics and gymnastics.

English

We use the 'Talk 4 Writing' scheme which includes discussion; performance & creative writing. We are looking at diaries, comprehension & story writing

French

We are learning how to use 'J'ai' with classroom objects; numbers and body part names.

Year 4 Curriculum Map

The Story of Britain: Spring

Topic

All of our studies this year will be linked to our topic which is: The Story of Britain.

P.S.H.E.

What is risk? How to judge risk and make decisions..

Maths

We will be learning methods for multiplying beyond times tables and the calculation of area.

Design & Technology

In D.T. we will be looking at old English recipes & weaving.

History

We will be continuing the learning of the history of Great Britain from the Romans to modern Britain .

Music

We are making and playing music related to British composers.

Geography

We will use atlases to name and locate counties and cities of the United Kingdom & identify some geographical features.

Art

We will be studying British designers & using their ideas to inspire our own ideas.
