

DESIGN TECHNOLOGY

Based on rationing, we will be preparing and cooking a savoury dish.

MATHS

Like all year groups within our school, Year 6 will be following the White Rose Hub Maths scheme. Focusing on plugging gaps across the year group, we will be solving problems, explaining our thought process and challenging ourselves to continue becoming resilient mathematicians!

ENGLISH

We are making English come alive in Year 6! By following a 'Talk for Writing' approach, we will be writing a range of text types including newspaper reports about Buckingham Palace being bombed in the Blitz. Whilst looking at these, we will be creating story maps, hot-seating characters and using drama techniques to support our understanding of thoughts, feelings and vocabulary. We will also be working on our spelling, punctuation and grammar skills throughout the term.

SCIENCE

Linked to the Blitz, we will be looking at light in Science. This will include exploring that light travels in straight lines and the effect this has on the shape of shadows and how we are able to see things because of light. We will then be looking at the impact that this had on the Blitz, linking this to why blackouts occurred.

ART AND DESIGN

Year 6 will be improving mastery of their techniques by creating Blitz art pictures. This will allow the children to think about their use of oil pastels as well as silhouettes, linking to their Science learning.

YEAR 6 SPRING TERM WORLD WAR 2

MUSIC

As musicians, we will be exploring the history of music during the WW2 period across the different countries involved.

COMPUTING

The children will research using the internet and presenting information in an appropriate way.

PE

Year 6 will be learning about and demonstrating their gymnastics skills, considering how to perform these skills safely.

HISTORY

World War 2 is full of interesting areas to explore! As well as having room to learn about anything that takes the children's interest, we will be looking at the Blitz, the Battle of Britain, evacuation and rationing.

PSHE

This term, we will continue to build on our teamwork skills linking our PSHE to PE.

GEOGRAPHY

Within Geography, we will be using maps and atlases to locate continents and countries around the world, particularly linked to WW2. We will also name and locate counties and cities in the UK and will link these to why they may have been targeted during the Blitz as well as where appropriate places for evacuation may have been.
